

OT-ISAC: Operational Technology Information Sharing Analysis Centre

Launched in October 2019 as part of Singapore OT Cybersecurity Masterplan

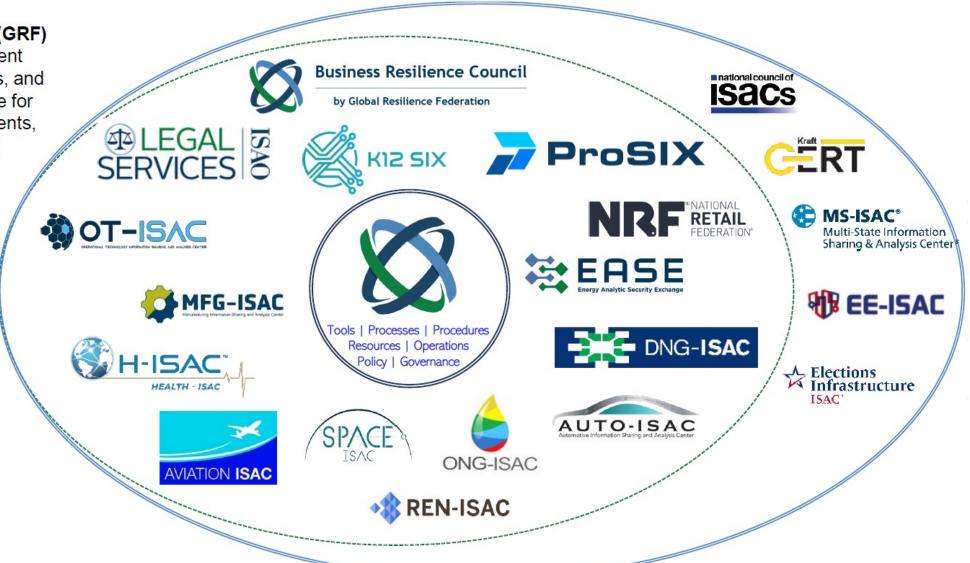

- 1. Providing OT cybersecurity training to develop human capabilities
- 2. Facilitating the sharing of information through an OT Cybersecurity Information Sharing and Analysis Centre (OT-ISAC)
- 3. Strengthening OT owners' policies and processes through the issuance of an OT Cybersecurity Code of Practice (CCoP)
- 4. Adopting technologies for cyber resilience through Public-Private Partnerships

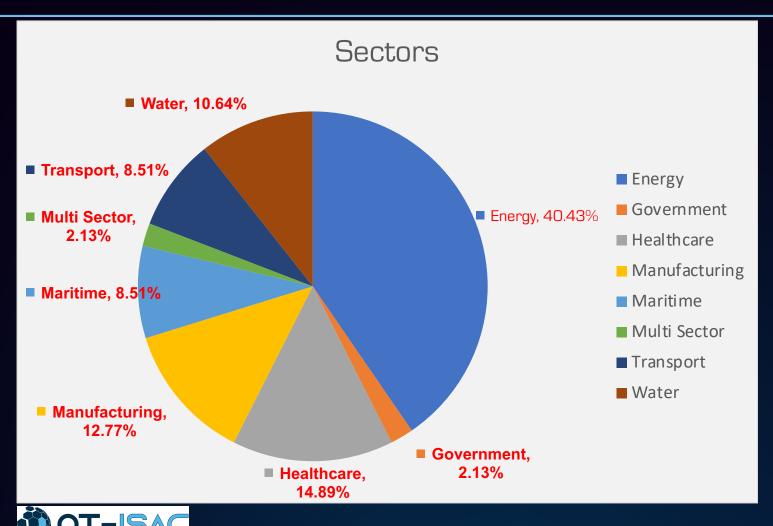

Global Resilience Federation (GRF) manages and supports 17 different information sharing communities, and establishes a common backbone for sharing threat intelligence, incidents, vulnerabilities, policies and best practices.

GRF enables cross-sector sharing, enhances situational awareness, and provides tools for collaboration amongst the GRF managed and supported communities.

OT-ISAC Membership Community and Program(s)

- Top 3 sectors are Energy,
 Healthcare and Manufacturing
- Working with community led programs such as New Energy Transition in Q3 2023
- Information sharing agreements with public and private sector organisations

Member Services

Strategic and Tactical Threat Intelligence Sharing

- Situational Awareness Portal (Strategic)
- MISP (Tactical)

Events

- Monthly threat calls
- Workshops
- Seminars
- Round Table Discussions
- Table-top(s)
- Annual Summit

Additional Member Services

- Training
- Threat Modelling
- Incident Response Exercise(s)
- Request for Information (RFIs)
- Sector Reports
- Ransomware Report
- Partner services (forensics, threat hunting, risk maturity scoring etc)

Threat Intelligence Program- Types of Intelligence

Strategic Intelligence:
Aligning security and business
objectives

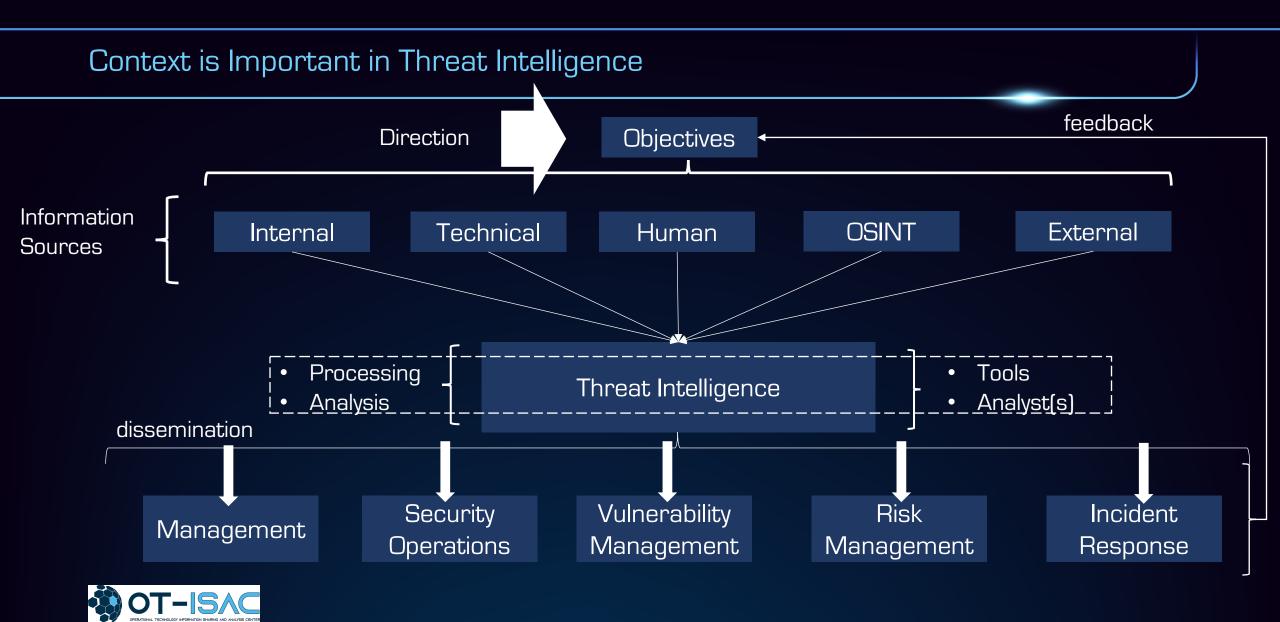

Tactical Intelligence:
Tactics, Techniques and Procedures
(TTPs) both internal and external

sources

Operational Intelligence:
Actionable information about potential attacks

Technical Intelligence:
Technical Indicators of Compromise
(IOCs)

Collaboration is Key TLP (2.0) sharing protocol - - -**TLP RED** Non-**TLP Amber Strict** Government Governments Organisations, **TLP Amber** Industry, **TLP Green** Partners **TLP Clear** OT-ISAC OEMs, OT Academia, Security Research Vendors Institutes Members
